## **Professor Toto® Language Education Series** by **THE LANGUAGE WORKSHOP FOR CHILDREN**

This award-winning series was produced by François Thibaut, Founder and Director of the Language Workshop for Children. Incorporating the "Thibaut Technique®", a playgroup approach developed over 30 years ago, children learn a new language through educational play. The philosophy is that children acquire the new language faster and more thoroughly through this fun method than through traditional, less enjoyable techniques. 1/20/05 [ENTER THE LANGUAGE WORKSHOP FOR CHILDREN TOYSHOW](#)
